PLANNED TELESCOPE(S)

- 1) What type of telescope(s) will be housed in the observatory? Please include manufacturer, type and size for each telescope.
▶

- 2) What type of mount will be used with your telescope (alt/az, wedge, equatorial). Please include manufacturer and type.
▶

SITE INFORMATION

- 1) What is the site terrain (flat, hilly, sloping, etc.)?
▶
- 2) What is the soil type at the site (dirt, sand, clay, rock, etc.)?
▶
- 3) Is the site accessible to equipment and supplies for building your observatory?
Please describe potential restrictions such as fences, trees, steep slopes, etc.
▶
- 4) Please provide pictures of your site and the surrounding area. The picture will assist us in quoting the cost of your project and identifying any potential problems.

OBSERVATORY OPTIONS

- 1) Size of your observatory. Please list all sizes you are interested in.
▶
- 2) Exterior siding color
▶
- 3) Roof color
▶
- 4) Type of pier (please select)
 - a) ___ Steel Pier
Pier diameter:
 - (1) ___ 8 5/8"
 - (2) ___ 10 3/4"
 - (3) ___ Larger
 - b) ___ Concrete Pier

5) What options are you interested in? (check all that apply)

- a) Warm room
- b) Residential (steel) style door
- c) Dead bold lock for door
- d) Residential style windows
- e) Desk and/or shelving

COMMENTS & QUESTIONS

Please add any additional comments, questions or descriptions about your planned observatory, or options that you are interested in.
